

JobFit Assessment Directions

All employees at Little Learners are required to complete the JobFit Assessment. There will be a variety of questions, including math skills, verbal skills, vocabulary, and questions that help to define your character and personality. This assessment will not effect your employment at Little Learners, but rather will give us insight about our employees and why our team is effective and works well together. This information will help us know what to look for as we hire other employees.

Please follow these directions and call (913)254-1818 if you have any questions or problems.

You will need an internet connection for this assessment. Go to www.jobfit.com/hworks which will lead you to the site.

- Click "Job Seekers" on the right side
- Enter all information required

You will have to create a resume. We will not need your resume for our information, but they required that it is filled out before taking the assessment. After you have completed the resume, you will find the link to take the JobFit Assessment.

Thank you for your prompt attention to this important piece of information in our hiring process. It will help us find staff members who will work well together and create an environment that we can all be proud of and enjoy each day.
